JavaScript I Core Programming
Acme-Tutors
JavaScript

Instructor:	Hugh	**Location:**	Zoom Meeting
Email:	tutors@acme-nyc.com	**Group Day/Time:**	Saturday, 1:00 PM - 3:00 PM
Phone:	646-280-7089		
Start Date:	September 17, 2023		
Term:	Fall 2023		

GROUP DESCRIPTION

This group is intended for core programming of the JavaScript language. This is an uncomplicated introducton to JavaScript and a complementary group to Java Script II Client and Server Side Programming.

GROUP OBJECTIVES

- To build understanding of JavaScript.
- To develop an adequate working knowledge of JavaScript to be able to develop functional code.
- Understand the syntax and semantics of the langauge.
- Engage in active discussions.
- Build a program in JavaScript.

PREREQUISITES

Optimism and interest in the subject. Any prior experience with another programming language is a plus.
